

► Anti-ageing cream

Test cream for the 16-week study on the crow's feet area.

Description	Highly viscous cream with light skin feel
Marketing	THE ANTI-AGEING partner, with excellent repairing properties due to the presence of KiOsmetine®-CG, visible wrinkle reduction and global improvement of the skin surface and cohesion.

Ingredients	INCI	Function	%	
A	Water	Aqua	20.1	
	Glycerin	Glycerin	Cold stability	3
	EULYPE9010	Phenoxyethanol, Ethylhexylglycerin	Preservative	1
	Cellolize QP5200 2%	Hydroxyethyl Cellulose	Stability	25
	Xanthan gum 2%	Xanthan gum	Stability	20
	Neocare SC15	Sucrose cocoate	Co-emulsifier	0.6
	Corn P04	Distarch phosphate	Skin feel	3
	B	Sorbitan stearate	Sorbitan laurate	Co-stabilizer
Inutec SP1		Inulin lauryl carbamate	Co-stabilizer	0.2
Neoderm TCC		Capric/caprylic triglycerides	Emollient	8
Neoderm PTC		Pentaerythrityl tetracaprylate/caprates	Cushion effect	2
Apricot oil		Prunus armeniaca	Vegetal oil	5
Shea butter		Butyrospermum parkii	Vegetal butter	2
Parsol 1789		Butyl Methoxydibenzoylmethane	UV-A absorber	1
Sabonal C1618 50/50		Cetearyl alcohol	Stabilizer, skin feel	3
C		Perfume	Perfume	0.1
	Lactic acid	Lactic acid	pH correction	
D	KiOsmetine-CG®	Chitin, Beta-glucan	Anti-ageing	1.5

Procedure

- Warm A at 70 °C
- Warm B at 70 °C
- Add phase B to phase A
- Homogenize shortly
- Add phase C at 40 °C

Controls

Viscosity @ 20°C spindle D - 6 rpm	20-30.000 mPa.s
pH @ 20°C	5-7
