

RICE LOTION with REISITA NATURAL

“developed & formulated exclusively by Azelis UK Life Sciences Ltd. – ref. 7476”

A gel which gives the appearance of being an emulsion. REISITA NATURAL is a rice starch which has been used in two ways to show its versatility. It is firstly added into phase B where it is added and then heated to cook out the starch and create a clear, light gel. It is then added below 40°C to retain the powdery silky skin feel.

Ingredients	INCI-Name	%w/w	Supplier
-------------	-----------	------	----------

Phase A

Deionised Water	Aqua	90,30	
-----------------	------	-------	--
