

Actively Smooth for Hair with AGENAJEL 20.313 and AGENAFLO 9050

"Formulated and developed by Azelis Personal Care, UK (ref. 7759)"

A smoothing hair gel, which enhances both straight and curly hair due to the addition of natural actives.

AGENAJEL 20.313

A cold water soluble starch-ether based on waxy maize starch (edible). Can be used as a thickener in creams, lotions and shampoos.
