

# THE RED OF DRAGONS Lipstick Formulation

## with RICE PO<sub>4</sub> NATURAL and AGENAFLO 9050

”Formulated and developed by Azelis (ref. 240625.15)”

This lipstick contains over 96% ingredients of natural origin. It has a matte finish and provides a glossy deposit on application, as well as a velvety glide-on effect. AGENAFLO 9050 and RICE PO<sub>4</sub> NATURAL reduce the skin's sticky, oily appearance while giving it a velvety feel.
