

ANHYDROUS AFTERSHAVE BALM

with BARLEY NATURAL

"Formulated and developed by SLI Chemicals (ref SLI-o65)"

This balm creates a breathable layer on the skin that locks in existing moisture and shields the freshly shaved surface from environmental stressors. Due to the concentration a pea-sized amount is usually sufficient for the entire face and neck. BARLEY NATURAL adds velvety softness that completes the sensorial experience.

Ingredients	INCI-Name	% w/w	Supplier
