

## After Shave Men Care

“Formulated and developed by Azelis (Ref. 738-3-1)”

Calming After Shave Fluid Men is particularly suitable for sensitive men's skin prone to redness and irritations after shaving. It contains Aloe Vera, Cucumber extract and Allantoin which is perfectly aligned to accelerate the regeneration of small cuts and calms irritations to the sensitive skin of the face.

### AGENAFLO 9050

is a hydrophobically modified waxy corn starch, which gives a distinctive powdery feel to a variety of formulation types. This is due to its ability to give formulations a drier and softer skin feel as it absorbs the oil and will reduce the draggy or oily skin feel which would normally be present. Agenaflo 9050 stabilizes the oil droplet of o/w emulsions (Pickering emulsions) very efficiently and can therefore be used in emulsifier-free emulsions.

Ingredients	INCI-Name	%w/w	Supplier
-------------	-----------	------	----------

#### Phase A

Deionised Water	Aqua	71,35	
Allaonoin	Allaonoin	0,20	Weylchem
Phenoxyethanol	Phenoxyethanol	1,00	Sharon

#### Phase B

Glycerin	Glycerin	5,00	
Kaltrol ® CG T	Xanthan Gum	0,25	CP Kelco

#### Phase C

Caprylic/Capric Triglyceride	Caprylic/Capric Triglyceride	10,00	
<b>AGENAFLO 9050</b>	<b>Corn Starch Modified</b>	<b>1,50</b>	<b>AGRANA</b>
Fragrance	Parfum	0,70	

## Phase D

Blanova® Aloe Vera Gel Conc.Juice 10x	Aqua, Aleo Barbadensis Extract	2,00	Azelis
Actiphyte of Cucumber GL100NP	Glycerin, Cucumis Sativus Fruit Extract	3,00	Active Organics
Denatured Ethanol	Alcohol Denat.	5,00	

### Manufacturing Instructions:

Premix phase A until fully disperdes.

Premix phase B and add to phase A mixing until homogenous.

Premix phase C and add to the batch using high shear mixing for 2 minutes.

Add phase D to the batch mixing until homogenous.
