

BioVitabee®

Premium Organic Bee Food

AGRANA

FEEDING WITH BIOVITABEE®

BioVitabee® is a high quality premium product from Austria. It is a partially inverted sugar syrup that is produced purely on the basis of organic beet sugar and comprises sucrose, glucose and fructose. The raw product used for the premium feed is exclusively GM-free organic sugar beet. The feed is microbiologically stable, has a very good shelf life, facilitates storage and maximum feed utilisation.

BIOVITABEE® IS GMO-FREE AND APPROVED FOR ORGANIC HONEY FARMS.
