

Bioactive Foot Cream with CORN PO4 PH"B"

"developed & formulated exclusively by AarhusKarlshamn Sweden AB"

A bioactive soft and creamy emulsion intended to soothe and heal the feet, based on 100 % natural vegetable high functional emollients, emulsifiers and stabilizers. The bioactive ingredient Lipex® Collect offers potential improvement of skin barrier properties and contributes with skin lipid supplementation. The cream is easy to apply with a silky velvety after feel.

Ingredients	INCI-Name	%w/w	Supplier
-------------	-----------	------	----------
